

**International Thermal Spraying Seminar (ITSS) & China National Thermal Spraying Conference (CNTSC)
Second Round Announcement**

The International Thermal Spraying Seminar (ITSS) and China National Thermal Spraying Conference (CNTSC) are held every year in autumn time. Please refer to the ITSS'2018 Tianjin (Tianjin is adjacent to Bohai Sea in the east and Yanshan Mountain in the north. It's one of the four municipalities directly under the Central Government of China. It's the largest coastal open city in Northern China. It's a famous historical and cultural city, and it's also the first group of outstanding tourist cities in China, which is well known as the "International Architectural Museum". Tianjin, a pearl of Bohai Sea on the bank of Haihe River, the mother river of Tianjin, crossing through the city, where rivers and seas meet, and the history opened up to the great success, making such a Tianjin city rich in heavenly treasures and outstanding people.)Announcement for detailed information of the Seminar and Conference this year. For further information related to future seminar and conference, please contact Prof. Huang via phone or email.

**21st International Thermal Spraying Seminar
September 25th-28th, 2018,
Tianjin, China**

Background

For the purpose of introducing overseas advanced thermal spraying technology and accelerating the closer cooperation & information exchange at home and abroad, the 21st International Thermal Spraying Seminar (21st ITSS) will be held on 25th ~28th (28th - Tianjin Visit) September 2018 in Tianjin, a beautiful historical city in China.

The 21st International Thermal Spraying Seminar is sponsored and organized by the Thermal Spraying Committee of China Surface Engineering Association. During the seminar, the Organizer will arrange adequate time for the participants to introduce their companies, institutes, and universities with the latest products and research achievements, to exchange technologies with Chinese thermal spraying participants, to develop commercial activities, and to create business opportunities on the China market.

All the worldwide thermal spraying companies and experts are welcomed to attend the Seminar, to introduce the latest development of thermal spraying technology, to discuss the technical and commercial cooperation, to create the trading opportunities, and to speed up the cooperation of domestic thermal spraying enterprises with the overseas in different forms, such as trading, technology transfer, joint venture, etc.

Registration Form B (for participants only)

Please complete and return the Registration Form before **September 5th, 2018** to:

Thermal Spraying Committee of China Surface Engineering Association,

No.1 Beishatan, Deshengmen Wai, Beijing, P. R. China 100083

Tel: +86 10 64882554, 64882560, (0) 13901358778 Fax: +86 10 64872316

Please use one registration form for **each** participant!

Participant (will not give lecturers at the Seminar)

Please fill in the form in the capitalized letters.
